

## RENEWAL APPLICANT CHECKLIST

### **IRP APPLICATION (HSMV 85900)**

Fully complete and sign the application using the Instruction Booklet for detailed guidance, any of your current Cab Cards will have a good majority of the information needed. The first page of the application must be filled out in full, for the second page you will need to enter the **ACTUAL** miles traveled in each jurisdiction for the applicable reporting period. As specified at the top of the page we need the mileage driven from July through June for the period that applies to your renewal.

If you received a preprinted application in the mail from the state, please review the entire packet and verify that everything listed is correct. If any changes need to be made, please cross through it and write the current information.

You can add and remove vehicles at your renewal, just list all the vehicles you are registering. If there are vehicles currently registered to your account and they are not listed on your renewal application, the system will remove them from the next registration year.
